

### In your comfort zone

Quiet and spacious cab features standard rearview camera for enhanced awareness. Sculpted mechanical-suspension high-back seat that slides together or independent of the joystick console helps keep operators comfortably supported.

# Know as you go

Multi-language LCD monitor and rotary dial provide intuitive access to a wealth of information and functions. Just turn and tap to select work mode, access operating info, check maintenance intervals, source diagnostic codes, adjust cab temperature, and tune the radio. Plus much more.

#### Powerful technology

John Deere Powerwise Plus™ technology delivers on-demand power. Precise pump flow when pilot controls are metered provides reliable, fuel-efficient machine performance.

#### **Effortless control**

Ergonomically correct short-throw pilot joysticks enable smooth, precise fingertip control with less movement or effort. Push buttons in the right lever allow predictable control of auxiliary hydraulic flow for operating attachments. Optional sliding switch provides proportional speed control.

#### See it like never before

Integrated into the main monitor, optional right rear left camera system with additional LED surround lighting work together to supplement 270-degree visibility of the area around the machine, even in low-light conditions.

### Keep moving forward

Hydraulic single-pedal propel system is a factory-installed option that enables straightline machine tracking without operator articulation of both hand levers and both foot pedals.

#### Bank on the blade

Optional blade is an ideal addition for cleanup and backfilling. It provides extra lift capacity and stability when running hydraulic hammers and other heavy-duty attachments.

### **Boost your leverage**

When the digging gets tough, simply press the standard power-boost button on the right-hand joystick for more hydraulic muscle.

# Ready for big things

Large idlers, rollers, and strutted links enable the undercarriage to withstand and command. Thickplate single-sheet mainframe, box-section track frames, and industry-exclusive double-seal swing bearing deliver rocksolid durability. Three welded bulkheads within the boom resist torsional stress.

### You'll be a fan

Highly efficient heavy-duty cooling system keeps things cool, even in tough environments or high altitudes. Coolon-demand suction-type fan helps reduce material buildup and maintenance.

### It hardly seems like work

Large fuel tank and 500and 5,000-hour engine and hydraulic oil-service intervals decrease downtime for routine maintenance. Fluid-level sight gauges are conveniently located and can be checked at a glance.

### Durable by design

Centralized lubrication at arm tip and improved front jointbushing design relocate the grease-entry point to push contamination out from the center, simplifying routine greasing to boost joint life.

#### Change things up

Integrated hydraulic coupler-ready option enables efficient attachment changeovers — especially helpful for work with underground utilities.

#### Get attached

Two factory-installed high-pressure, high-flow auxiliary packages deliver additional hydraulic capability to power attachments. Toggle between attachments and adjust flow and pressure based on the attachment right in the monitor.

#### **Precision Construction**

This suite of construction technology delivers **Productivity Solutions** to help you get more done, more efficiently. In-base JDLink™ connectivity provides machine location, utilization data, and alerts to help you maximize productivity and efficiency. To maximize uptime and lower costs, JDLink also enables **John Deere Connected Support™.** Dealers use Expert Alerts based on data from thousands of connected machines to proactively address conditions that may otherwise likely lead to downtime. Your dealer can also monitor machine health and leverage remote diagnostics and programming capability to further diagnose problems and even update machine software without a timeconsuming trip to the jobsite.\*

\*Availability varies by region. Options not available in every country.

# 130 P-TIER EXCAVATOR SPECIFICATIONS

While general information, pictures, and descriptions are provided, some illustrations and text may include product options and accessories NOT AVAILABLE in all regions, and in some countries products and accessories may require modifications or additions to ensure compliance with the local regulations of those countries.

Engine	130 P-TIER		
	Base engine for use in the U.S	. U.S. Territories, and Canada	
Manufacturer and Model	John Deere PowerTech™ PWS		
Non-Road Emission Standard	EPA Final Tier 4/EU Stage IV		
Net Rated Power (ISO 9249)	73 kW (98 hp) at 2,000 rpm

### Lift Capacities

Boldface type indicates hydraulically limited capacity; lightface type indicates stability-limited capacities, in kg (lb.). The load point is the arm tip position (bucketless), using standard counterweight, situated on firm, level, uniform supporting surface. Figures do not exceed 87 percent of hydraulic capacity or 75 percent of weight needed to tip machine.

#### Lift Capacities (continued) **130 P-TIER**

**Boldface type** indicates hydraulically limited capacity; lightface type indicates stability-limited capacities, in kg (lb.). The load point is the arm tip position (bucketless), using standard counterweight, situated on firm, level, uniform supporting surface. Figures do not exceed 87 percent of hydraulic capacity or 75 percent of weight needed to tip machine.

A full line of buckets is offered to meet a wide variety of applications. Digging forces are with power boost. Buckets are equipped with John Deere TK-Series Bucket Teeth standard. A variety of teeth are available through John Deere Parts. Optional side cutters add 150 mm (6 in.) to bucket widths. Capacities are SAE heaped ratings.

				Bucket Pin to Cutting						Number	
Type Bucket	Bucket Width		Bucket Capacity		Bucket Weight		Edge Radius		Bucket Tip Radius		of Teeth
	mm	in.	$m^3$	cu. yd.	kg	lb.	mm	in.	mm	in.	
Heavy Duty	610	24	0.34	0.44	407.7	899	1153	45.4	1268	49.9	4
	762	30	0.45	0.59	453.5	1,000	1153	45.4	1268	49.9	4
	915	36	0.57	0.75	511.0	1,127	1153	45.4	1268	49.9	5
	1067	42	0.70	0.91	553.0	1,220	1153	45.4	1268	49.9	5

# Additional equipment

**Key:** ● Standard ▲ Optional or special See your John Deere dealer for further information.

- Auto-idle system
- Automatic belt-tension device
- Batteries (2 12 volt)
- Coolant recovery tank
- Dual-element dry-type air filter
- Electronic engine control
- Enclosed fan guard (conforms to SAE J1308)
- Engine coolant to -37 deg. C (-34 deg. F)
- Fuel filter with water separator
- Fuel shutoff valve
- Full-flow oil filter
- Turbocharger with charge-air cooler
- Electronically controlled, variable-rate, suction type
- 500-hour engine-oil-change interval
- 70% (35 deg.) off-level capability
- Engine-oil-sampling valve
- Programmable auto shutdown Chrome exhaust stack
- Severe-duty fuel filter
- Engine coolant heater

# Hydraulic System

- Reduced-drift valve for boom down, arm in
- Auxiliary hydraulic valve section
- Spring-applied, hydraulically released automatic swing brake
- Auxiliary hydraulic-flow adjustments through monitor
- Auto power lift
- 5,000-hour hydraulic-oil-change interval
- Hydraulic-oil-sampling valve
- Control pattern-change valve
- Auxiliary high-flow lines with auxiliary function lever (AFL) and auxiliary relief pressure adjustment
- Auxiliary pilot and electric controls
- Hydraulic filter restriction indicator kit
- Load-lowering control device
- Single-pedal propel control
- High-flow auxiliary hydraulic lines with dual stop

- Planetary drive with axial piston motors
- Propel motor shields
- Spring-applied, hydraulically released automatic propel brake
- Track guide, front idler
- 2-speed propel with automatic shift
- Upper carrier roller (1)
- Sealed and lubricated track chain
- Triple semi-grouser shoes, 600 mm (24 in.)
- Triple semi-grouser shoes, 700 mm (28 in.)
- Rubber crawler pads, 600 mm (24 in.)
- Undercarriage with blade

- Right-hand and left-hand mirrors
- Vandal locks with ignition key: Cab door / Service doors / Toolbox
- Debris-screening side panel
- Remote-mounted engine oil and fuel filters

#### Front Attachments

- Centralized lubrication system
- Dirt seals on all bucket pins
- Less boom and arm
- Oil-impregnated bushings
- Reinforced resin thrust plates
- Tungsten carbide thermal coating on arm-to-bucket
- Arm, 2.52 m (8 ft. 3 in.)
- Arm, 3.01 m (9 ft. 11 in.)
- Factory-integrated hydraulic coupler plumbing and
- Attachment quick-couplers
- Boom cylinder with plumbing to mainframe less
- Buckets: Ditching / Heavy duty / Heavy-duty high capacity / Side cutters and teeth
- Material clamps / Hydraulic thumb

- Meets ISO 12117-2 for ROPS
- Adjustable independent-control positions (leversto-seat, seat-to-pedals)
- AM/FM radio
- Auto climate control/air conditioner/heater/pressurizer
- Built-in Operator's Manual storage compartment
- Cell-phone power outlet, 12 volt, 60 watt, 5 amp
- Deluxe suspension cloth seat with 100-mm (4 in.) adjustable armrests
- Front windshield wiper with intermittent speeds
- Gauges (illuminated): Diesel Exhaust Fluid (DEF) / Engine coolant / Fuel
- Horn, electric
- Hour meter, electric
- Hydraulic shutoff lever, all controls
- Hydraulic warm-up control
- Interior light
- Large cup holder
- Machine Information Center (MIC)
- Mode selectors (illuminated): Power modes (3) / Travel modes (2 with automatic shift) / Work mode (1)
- Multifunction, color LCD monitor with: Diagnostic capability / Multiple-language capabilities / Maintenance tracking / Clock / System monitoring with alarm features: Auto-idle indicator, engine air cleaner restriction indicator light, engine check, engine coolant temperature indicator light with audible alarm, engine oil pressure indicator light with audible

#### Operator's Station (continued)

alarm, low-alternator-charge indicator light, low-fuel indicator light, low DEF indication with audible alarm, fault code alert indicator, fuel-rate display, wipermode indicator, work-lights-on indicator, and workmode indicator

- Motion alarm with cancel switch (conforms to SAE 1994)
- Power-boost switch on right console lever
- Auxiliary hydraulic control switches in right console
- SAE 2-lever control pattern
- Seat belt, 76 mm (3 in.), non-retractable
- Tinted glass
- Transparent tinted overhead hatch
- Hot/cold beverage compartment
- USB charging port
- Air-suspension heated seat
- Premium thermally heated and actively cooled
- 24- to 12-volt D.C. radio convertors, 10 amp
- Hydraulic oil filter restriction indicator light
- Protection screens for cab front, rear, and side
- Seat belt, 76 mm (3 in.), non-retractable
- Window vandal-protection covers
- In-monitor adjustable flow and pressure auxiliary hydraulics with auxiliary function lever (AFL)

#### Electrical

- 100-amp alternator
- Blade-type multi-fused circuits
- Positive-terminal battery covers
- JDLink™ wireless communication system (available in specific countries; see your dealer for details)
- Right rear left 270-deg. camera system with LED
- surround lighting Rearview camera
- Cab extension wiring harness

- Work lights: LED / 1 mounted on left side of boom /
- 1 mounted on frame 2 lights mounted on cab / 1 mounted on right side
- LED light kit: 2 lights mounted on cab front / 1 mounted on cab rear / 1 mounted on boom / 1 mounted in toolbox
- Deluxe LED light package

# Trim Packages

- Level 1: Mechanical seat and standard front LED
- Level 2: Heated, air-suspension seat and standard front LED worklights
- Level 3: Heated, air-suspension seat, deluxe front
- LED worklights, and chrome exhaust Level 4: Premium-leather, thermal-heating, and active-cooling seat; deluxe front LED worklights; and chrome exhaust
